

KLEANING BEE™

We at **KLEANIG BEE** provide crucial sanitization, fumigation and pest control services at pan India level to relieve you of all your issues regarding cleanliness and sanitization. Let us help you stay safe, healthy and virus free durig this pandemic scenario that all of us are facing.

Hello! We Care for Your Health

Sanitization

- **Disinfectant Spray:** Normal Chemical-based spray on all exposed surfaces.
- **Steam disinfectant spray:** Steam + Chemical Spray in the entire premises like above.
- **Deep Cleaning:** Living + Bedrooms- Complete ceiling, floor, doors, tiles (kitchen + bathroom), Sofa, furniture, carpet, ac (exterior), fans, lights, switches, balcony, glass, mattresses, curtain dusting, Kitchen - microwave(exterior), chimney (exterior), slab, modular racks, Bathroom - Glass, WC, mirror, exhaust fan, tiles and switches.

Commercial Pest Services

We are a specialist business, dedicated to solving pest problems and meeting the new environmental challenges to ensure that we provide preventive and curative approaches for the treatment of infestation and to ensure that there are no unwanted pests, no unnecessary residues of pesticides, no re-infestation and no adverse environmental effects.

Fumigation Services

Air Cargo Fumigation

While dispatching air cargo there is a need to take special attention to comply with the quarantine requirements about wooden packaging material and agro products.

Container Fumigation

Containers are usually gas-tight and form an excellent closure for the fumigation operations. We have designed and developed fumigation methods with state-of-the-art fumigation systems to ensure better quality results.

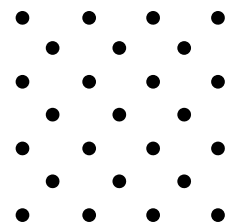

Warehouse Fumigation

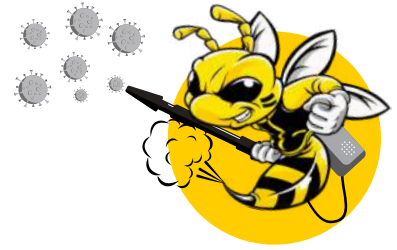

Fumigation in a warehouse greatly depends on the commodity stored inside a warehouse. Therefore, a combined process of integrated pest management and fumigation must be practiced maintaining the quality and integrity of the cargo.

Residential Pest Services

Centipedes. Cockroaches. Earwigs. Millipedes. Rodents. Silverfish. Stinging Pests ... and more. Your health is our priority. **KLEANING BEE** believes in safeguarding clients from those hard to reach pests by exterminating them through our state-of-the-art fumigants at your home.
